VOL. LXXX—NO. 33. WILMINGTON, TUESDAY, NOVEMBER 27, 1906. WHOLE NUMBER 12115.

OUTLINES.

President Roosevelt reached Washington last night at 10:42 o'clock o'clock from his trip to Panama.—A sensation has been created at Decatur, Ill., over evidence that J. Mont Shultz, supposed to be drowned, created the impression for his family to get $7,000 insurance on his life.——In the Pennsylvania mountains John Ditch was killed by a wounded bear and Henry Bradley barely saved himself from one by despatching it with his hunting knife.——At Niagara Falls yesterday afternoon an unknown man in a small boat was swept over Horseshoe Falls after a daring attempt to save him.——In a speech at Walthall, Miss., last night Hon. John Sharp Williams attributed the wonderful development of the Carolinas and other Southern States to the disfranchisement of the negro.——On the Chicago & Alton railroad Sunday night, a masked robber held up the passengers on three coaches, but was finally captured by the conductor who made him disgorge the money and valuables which he had secured; the robber tried to shoot the plucky conductor but the hammer of his revolver came down on the railroad man's hand and saved his life.——Secretary Taft yesterday defended the army engineers from the imputation that they acted unwisely in diverting some of the waters of Niagara Falls for the creation of power.——A statement comes from Galveston that the Morse steamship syndicate will take over the Ward steamship line with 18 steamers.——In Paris yesterday a woman fired four shots at Pierre Merlott, former Minister of Finance, two bullets taking effect in his leg.——New York markets: Money on call firm 4 to 6 per cent., ruling rate 5 3-4; closing bid and offered at 4 1-2; spot cotton 20 points advance, closing steady at 11.40; flour steady; wheat firm, No. 2 red 80 5-8 elevator; corn steady, No. 2 54 elevator; oats steady, mixed 39; turpentine and rosin firm.

It is announced that a jury of women is to try a case in Chicago. It would be interesting to watch that jury jump at conclusions.

Among the newest Parisian styles are "Rockefeller" hats, scarfs, etc. Wouldn't mind having those necessary articles but what we are anxious to have is a Rockefeller pocket.

Astor Camp, Spanish War Veterans, is Washington, D. C., have endorsed President Roosevelt in the dismissal of the three companies of negro troops who "shot up" Brownsville, Texas.

If the cost of living hasn't increased more in proportion than wages and salaries, plenty of men would like to know why they have to cut down their living expenses in order to keep from being always in debt to the grocer.

The "revenue doodles" appear to be breaking up more moonshine stills for violation of the government revenue laws than the sheriffs are doing under the Watts law. Watts the matter with the sheriffs?

The chance for the Republican nomination for the Presidency in 1908 is fast narrowing down to Taft and Root. Taft seems to be building his fences on revision of the tariff and Root is making the most out of the merchant maring alias ship subsidy, lugging in trade with South America as his accomplice.

The Convent of St. Catherine, on Mount Sanai, has not been entered by a woman for 1,400 years and no woman is allowed to go near it. If a man were grouchy enough to seek solitude and desired to eke out a miserable and lonesome existence, we should say that a place where there is no woman would be the ideal spot for profound seclusion. P. S.—If we owned the controlling stock in the Convent of St. Catherine we'd go right straight and sell out for 30 cents.

Even Italy is so prosperous that the railroads haven't sufficient rolling stock to carry the freights of the country. Representatives of several cities met at Genoa on Saturday and formulated a protest against the car shortage, declaring that the inefficiency is paralyzing business. It was decided to have a strike of everybody at the leading ports and as the Italian Parliament meets to-day the strike is to begin this morning so as to impress Parliament. This is a new way of utilizing a strike.

ACCIDENTALLY SHOT

Mr. B. S. Montford Seriously Injured on Masonboro Road Early Yesterday.

BROUGHT TO HOSPITAL HERE

Young Mr. Norcum Hewlett Was Target Practicing With Pistol and Shot Truck Grower at Work by Roadside—Timely Arrival.

Mr. B. Stowe Montford, a leading truck grower of Masonboro Sound and formerly a member of the Board of County Commissioners, was accidentally shot and dangerously wounded yesterday afternoon about 2 o'clock on the Masonboro Road about a mile and a half beyond the second toll house crossing. Mr. Montford was engaged in raking straw beside the roadway and young Mr. Norcum Hewlett, of this city, who was visiting relatives in the neighborhood, was walking along the driveway having target practice with his pistol at the telephone poles along the route.

He did not know of the whereabouts of Mr. Montford and one of the shots fired by him flew wide of the mark and struck Mr. Montford just back of the right ear, the bullet flattening itself on the skull and ranging upward. He cried out and fell on the ground. Mr. Hewlett discovering a few minutes later the mistake he made. He ran as fast as he could to the home of Mr. J. P. Montgomery, near the scene of the shooting and telephoned for Dr. W. J. H. Bellamy in this city, returning with Mr. Montgomery to the injured man to be of what assistance they could until the arrival of the physician. In the meantime Mr. James Owen Reilly, who had started to the Anderson place on the Sound, to deliver some keys came by in his trap and discovered the plight of the injured man. With the assistance of Mr. Montgomery they placed Mr. Montford in the trap and hurried with him to the hospital in this city as fast as possible. Dr. Bellamy met them on the way and made the wounded man as comfortable as possible until the hospital was reached. Assisted by Drs. Slocum and Gray of the hospital staff, the bullet was at once extracted by Dr. Bellamy and arrangements made for a trephining operation, which was necessary. The bullet pierced the skull and grazed the brain tissue, passing upward and being taken out perfectly flat near the skin. Dr. Bellamy stated after a visit to the hospital last night that while Mr. Montford's condition was very serious, he has strong hopes for his recovery. His condition during the night was very much better than Dr. Bellamy expected to find the patient when he called.

Young Hewlett is greatly distressed over the shooting and did all that was possible after the shooting to repair the trouble. He is greatly worried over the matter and is inquiring frequently as to the condition of the injured man who is still conscious and exonerates Mr. Hewlett of all blame in connection with the affair. Mr. Montford has a large family living only a short distance from where the accidental shooting occurred. Many friends of Mr. Montford sincerely hope that his recovery will be certain and speedy.

Mr. Montford was in the city yesterday and at the Star office posted his lands with those of several of his neighbors, as will be seen by advertisement elsewhere in to-day's paper. While Mr. Hewlett was in nowise violating the law in his innocent sport along the roadway, he is greatly distressed that the accident should have occurred in any event.

NEW ADVERTISEMENTS.

NORTHROP MILL SOLD

Deed For Transfer of Valuable Wharf Property Passed Yesterday—Virginia Corporation Acquires Saw Mill and Land Holdings.

The S. & W. H. Northrop Lumber Company, recently incorporated under the laws of the State of Virginia and composed largely of capitalists of that State, by deed filed for record yesterday acquired the valuable saw mill holdings of the old firm of S. & W. H. Northrop, in the southern part of the city. The consideration is $20,000 and it is understood that the new owners will greatly enlarge, improve and conduct the mill in the future. The Messrs. Northrop, it is understood will retain a nominal interest in the business but the active men in the company are all from Virginia.

The deed to the S. & W. H. Northrop Lumber Company is from Mr. Samuel Northrop and wife and Capt. W. H. Northrop and wife, former owners of the property which begins on the north side of Queen street 300 feet west of Surry and has a frontage of about 330 feet on the river with considerable depth. The purchase also includes 74 1-2 acres of land on Eagle Island and two other tracts containing 116 and 25 1-2 acres respectively, on the west side of the river in the same vicinity.

Woodward & Son, extensive lumber dealers of Richmond, Va., and Mr. J. L. Robertson, of Richmond, are understood to be the leading spirits in the new enterprise. The firm of S. & W. H. Northrop enpoys a large export trade in lumber and this will be an important factor in the building up of the new corporation. The mill has not been in active operation for some time, the lumber being bought, classified and shipped from the yards.

POLICE COURT YESTERDAY.

Large Number of Offenders Before Mayor's Monday Court.

As usual on Mondays there was a large number of cases docketed in the police court yesterday. None of them was, however, very important. William Hunter a sailor arrested at Front and Dock by Officer J. M. Lord, was fined $10 and including the costs. Henderson Hayes made his periodical appearance and accepted a 30-day sentence with equanimity. He was arrested by Officer W. C. Moore. Eugenia Nixon, drunk and down at Fifth and Nixon, and arrested by Officer C. G. Jones, was given 30 days on the farm. Carrie Holland, colored, received the same for being drunk and disorderly at Front street market, her arrest having been by Officer Lord. George Davis, colored, drunk and disorderly at Twelfth and Market and arrested by Officer S. A. Nichols, was fined $10 and costs. For carrying concealed weapons he was bound over to the higher court. Lewis MacDonald, a small colored boy, arrested by Sergeant Burnett for stealing a watch, was ordered thrashed by his mother. She gave him 49 lashes after court in the City Hall yard. Perry Alderman, arrested by Officer L. F. Harper for an assault with a bar of iron on another negro, was bound to the higher court and in default of bond, he went to jail.

Mr. Z. B. Ennett Injured.

Mr. Z. B. Ennett, a well known citizen of Middle Sound, was able yesterday to be sent from Wilmington to his home after having been laid up for a week as the result of injuries received near the National Cemetery. Mr. Ennett was driving to the city about dusk in his buggy when his horse became entangled in a guy wire of the telephone company which was lying across the road where some construction work was in progress. The animal became frightened and kicked the buggy all to pieces, severely injuring Mr. Ennett's knee, bruising him about the body and stomach. Drs. Russell and Bellamy attended him.

Dr. Thomas Quite Ill.

Friends will regret to know that Dr. George G. Thomas, chief surgeon of the Atlantic Coast Line, is quite seriously, but it is hoped not dangerously ill at his home, Fourth and Market streets. It is feared that Dr. Thomas has pneumonia. Dr. W. H. Whitehead, of the A. C. L. Relief Hospital at Rocky Mount, was in the city yesterday and called to see Dr. Thomas.

Well Known Colored Man Dead.

Tillman Davis, a well known colored man of this city, died yesterday at the James Walker Memorial Hospital. He was about 65 years of age and was well liked by all who knew him. For years he was a cooper on the wharf and did work for some of the oldest and largest firms in Wilmington. The funeral will be conducted to-day.

INLAND WATERWAY

Second Annual Meeting of Association in This City This Morning.

CONGRESSMAN SMALL HERE

Meeting Promises to by Quite Interesting—Will be Held in Rooms of Chamber of Commerce—Delegates From Several States.

Indications are that the second annual meeting of the Inland Water Way Association in the rooms of the Chamber of Commerce in this city at 11 o'clock this morning will be well attended by delegates representing the commercial bodies in a dozen leading cities and coast towns of four or more States on the South Atlantic Seaboard. The delegates began arriving yesterday afternoon and will continue to arrive with all trains up to the hour of meeting this morning. The work in hand is most important to all seacoast cities between Baltimore and Tampa, Fla., and the trades bodies of all the cities have joined in the effort with a will. The Association was formed in Columbia, S. C., two years ago and the movement has been gaining impetus ever since with the probabilities that the Wilmington meeting this year will be fruitful of much good in furthering the project now recognized by all as being of National scope.

The first of the delegates to arrive were Congressman John H. Small of the First North Carolina District and Mr. E. B. Taylor, representing the Chamber of Commerce of Columbia, S. C., known among his friends as the "Inland Water Way Evangelist." Others came on the late train from the South while still others will get here on the train from the North this morning. Mr. James H. Chadbourn, of this city, has the honor of being president of the Association and will preside at the meeting to-day. The visitors will be welcomed in behalf of the city by Mayor A. M. Waddell and responses in behalf of the Association will be by the president, Mr. Chadbourn and Hon. John H. Small. Other features of the meeting will be an address by Maj. E. J. Hale, of Fayetteville, on the subject "National Rivers and Harbors Congress and its Relation to the Inland Water Way Association." Other addresses will be by President J. A. Taylor of the Wilmington Chamber of Commerce; Senator F. M. Simmons, who has promised to be present; Representative Charles R. Thomas, of Newbern; Mr. H. R. Jackson, of the Georgetwn, S. C. Board of Trade; Mr. William Calder, of Wilmington; Col. P. A. Stovall, of Savannah, Ga.; Congressman G. B. Patterson, of the Sixth District; Mr. C. H. Forrest, of Baltimore; Mr. Z. W. Whitehead, of Wilmington, and others. The meeting will be found quite interesting and especial emphasis is laid upon the fact that all members of the Wilmington Chamber of Commerce will be welcome.

The Inland Water Way Association is composed of the commercial bodies of nearly all the principal cities on the Atlantic Seaboard and the visitors upon this occasion will be among the representative men of the country. Messrs. H. W. Malloy, William Calder, J. A. Taylor and H. G. Smallbones will represent the Wilmington Chamber while other delegates expected are: Col. P. A. Stovall, of Savannah; Mr. H. R. Jackson, representing the three commercial organizations of Charleston; Messrs. E. B. Taylor and E. B. Clark, of the Columbia Chamber of Commerce; Mr. W. D. Morgan, of the Board of Trade of Georgetown, S. C.; Maj. E. J. Hale and Capt. James D. McNeill, of the Fayetteville Chamber of Commerce; Hon. Charles R. Thomas, Mr. J. B. Blades, Mr. J. J. Wolfenden and others, of the Newbern Chamber of Commerce; Mr. W. S. Chadwick, C. L. Abernethy, Esq., and others of Beaufort, N. C.; Mr. W. M. Webb and others, of Morehead City; Mr. George T. Lytch, Mr. H. B. Mayo, Mr. E. J. Hocutt, Mr. W. P. Baugham and Hon. John H Small, of the Washington, N. C. Chamber of Commerce; Capt. George Haney of the Board of Trade of Norfolk; Mr. C. H. Forrest, representing the Merchants and Manufacturers' Association in Baltimore. The officers of the Association other than the president, Mr. Chadbourn, are Mr. E. B. Clark, of Columbia, S. C., secretary; Messrs. C. H. Forrest, Baltimore; Mr. T. H. Seingious, Charleston; Col. J. H. Estill, of Savannah, and Capt. R. G. Ross, of Jacksonville, vice presidents.

Asked as to about the present status of the work last night Mr. Small said that under the last Harbors and Rivers bills a Board of United States engineers was appointed to select a route and report on the estimated cost of a depth of 12 feet. They made a report and while it has not been published, it is known that it is altogether favorable and that the estimated cost is only three and one-half millions, which is regarded as very small for a National project. The proposed route is from Norfolk to Beaufort, 192 miles and will be sufficient to accommodate all vessels for coastwise traffic.

This particular route was selected because it is relatively the most important, avoiding the dangers of Cape Hatteras, which now prevents an increase of the coastwise traffic because only the largest steamers and sailing vessels may now round that with impunity. This gives a protected route for small steamers and barges. As soon as the advantage of this route is manifest it is believed that there will be no trouble in inducing Congress to extend to Wilmington via Northeast river and thence southerly to the lowest point on the coast of Florida.

If time will admit, after the meeting to-day the members of the Association will be guests of Maj. Joseph E. Kuhn, in charge of the Corps of Engineers of the Wilmington district for a trip about the harbor on the government launch Mercur.

It is a great pleasure for Wilmington to have the Inland Water Way Association to meet here upon the occasion of the second annual convention and the Star joins with the people of the city in hoping that the stay of the delegates may be pleasant and profitable.

NEWS FROM RALEIGH

Corporation Commission Orders Atlantic Coast Line to Put on Extra Service—Requisition For Negro Wanted in Cumberland County.

(Special Star Correspondence.)

Raleigh, N. C., Nov. 26.—The Corporation Commission has issued an order to the effect that it is of the opinion that the convenience of the traveling public requires it, and that it is practicable that the Atlantic Coast Line provide transportation for passengers from Pender to Hobgood daily at or before 9:55 A. M. so that connection shall be made for passengers to Norfolk and intermediate points, and from Denver to Parmele at or before 10:25 A. M. so as to connect with transportation for Kinston, Washington and Plymouth, and returning from Plymouth in the afternoon furnish transportation so as to make close connections with trains due at Parmele at 5:15 P. M. for Washington, Kinston and Tarboro and to Pender or Weldon and intermediate points.

Gov. Glenn issued a requisition this morning on Gov. Heyward of South Carolina for John Miles, now confined in the Darlington, S. C. jail awaiting the North Carolina authorities. He is wanted in Cumberland county to answer the charge of breaking open frieght cars. J. C. Blacknall is the officer designated to go to Darlington and bring the prisoner back to this State.

THE FOUR PICKERTS.

Weeks Engagement Auspiciously Opened at Academy Last Night.

With a clever performance of the Western drama labeled "In Oklahoma" the Four Pickerts and company, old favorites in Wilmington, opened a week's engagement at the Academy last night. The audience was large and was also well pleased. The specialties were particularly delightful and the Four Pickerts as of yore, were bright and merry in a novel dancing turn. Miss Blanche Pickert is the same winsome little actress and will continue to charm her many friends in this city. Other specialties last night included pretty illustrated songs.

To-night the company will play Miss Hobbs, which is a jolly comedy and is one that Miss Annie Russell appeared in to great advantage several seasons ago. In connection with the bill will be given a new line of specialties.

Invitation Issued.

Friends in Wilmington and elsewhere have received handsomely engraved invitations bearing the following interesting announcement: "Mr. and Mrs. Robert Coleman Thompson request the honor of your presence at the marriage of their daughter, Mildred Gracey, to Mr. George Lee Morton, Tuesday afternoon, December eleventh, nineteen hundred and six, at four o'clock, Twelve Hundred and Twenty, Virginia Street, Charleston, West Virginia.

THE FLOTILLA HERE

Torpedo Boats Craftiest Fighters of Uncle Sam's Navy Arrived Sunday Afternoon.

LIEUT COMMANDER ANDERSON

Former Wilmingtonian at Head of Fleet—Will Coal and Proceed South Early This Afternoon—Many Visitors on Board Yesterday.

Four of the six torpedo boats of the Second Flotilla, United States Navy, Lieutenant Commander Edwin A. Anderson commanding, arrived in the city Sunday afternoon between 4 and 5 o'clock and are moored at the city wharf at the foot of the Front street market house. The Flotilla calls at the port by courtesy of Commander Anderson, who is a native of Wilmington, and will proceed this afternoon at 1 o'clock for maneuvers at Port Tampa until about the first of the year. The boats have been visited by hundreds of Wilmington people who are manifesting the keenest interest in these craftiest of all Uncle Sam's fighting ships and their visit at this time has been keenly appreciated.

In the fleet, which is manned by something over three hundred officers and men, are the Whipple, the flagship of the fleet, aboard which Commander Anderson has elegant quarters; the Truxtun, the Worden and the McDonnough, models of their kind, and representing the latest in this class of naval construction. The Hull and Hopkins, remaining members of the fleet, were detained a few days at League Island Navy Yard, Philadelphia, for slight repairs and will join the Flotilla later in Florida waters. The boats, which have a maximum speed of something over 30 knots an hour in an emergency, came down the coast Sunday at about 20 knots and passed in at the Cape Fear bar immediately, taking a river pilot at Southport. They are cigar-shaped boats and draw about twelve feet of water. Each is furnished with two engines and four boilers, giving an indicated horsepower of something like 9,000. They are entirely of iron, electric lighted and fitted each with two torpedo tubes of 18-inch diameter. In addition each boat is equipped with two 3-inch rapid fire guns, capable of peppering away at the rate of 22 shots per minute. There are also six 6-inch guns that may be fired 25 shots per minute. The range of the guns is about three miles, requiring two or six men to man, according to size. Everything aboard the little fighters is as bright and as neat as a new pin. The flagship is fully equipped with wireless telegraphy and may communicate with any point on the coast where there is a station.

The Flotilla passed up the river as far as the Custom House wharf Sunday afternoon, but dropped back down to the city wharf where hundreds of visitors were received by the officers and men before nightfall. Yesterday a similar privilege was granted and all day long a stream of curious people passed up the gangway. While in port many of the sailors have had shore-leave and have deported themselves admirably. Not a single arrest had been made by the police last night and the men on the streets gave no evidence of rowdyism. The men were paid off Sunday evening and the shore leave was quite acceptable. The post-office and express office was a favorite rendezvous for many who were sending letters and little mementoes home for Thanksgiving. The all-night restaurants were liberally patronized and at least one of them that had made no special provisions for the coming of the fleet had to "close shop" for a while until the chef could get busy on the outside.

Commander Anderson during yesterday paid his respects to the city in an official way by calling at the office of the Mayor where he was pleased to meet his personal friend in the chief executive's capacity, Col. A. M. Waddell, from whom he received his first appointment to Annapolis when quite a young man. Mayor Waddell expressed pleasure at having the fleet here and assured Commander Anderson of the genuine, old Cape Fear welcome. In the afternoon Commander Anderson was the guest of Mr. F. A. Lord for a drive and short stop at the ancestral home, the "Anderson Place," on Masonboro Sound. Last night the distinguished commander was entertained privately by a number of friends in Wilmington.

This morning the boats will receive fuel supply from the Springer Coal Company and stores from the ship chandlery of C. D. Mafitt & Co. The fleet will sail about 1:30 o'clock this afternoon.

The Morning Star.

EVERYBODY FOR GRAFT.

The Boston Commercial Bulletin remarks:

"If anyone is disposed to believe "graft" is the outcome of Republican institutions, let him read the testimony taken before the insurance commission in Canada. Amongst other interesting items he will find that while conservative members of Parliament were at the last session in Ottawa accusing the members of the government side of the House of using their position to gain favorable terms on the lands of the Northwest for speculative purposes, they themselves in some cases had been purchasing from the big railway companies similar lands on unusually favorable terms Graft, in fact promises to be the keynote of some of the liveliest debates at the forthcoming sesion of the Dominion Parliament."

Come to thinks of it, there isn't much use for a certain class in the United States to get messed up in matters of graft. The protective tariff gives them such a soft snap that it is a shame to want anything eles easy. What they get out of the tariff taxes paid by the consumers ought to be all they want.

NEW RAILROAD SYSTEM MAY MEAN MUCH.

The new railroad sytem in eastern North Carolina and southereastern Virginia is going to be a tremendous factor in developing Eastern Carolina. Practically all the lines in the tidewater section of North Carolina with the exception of the branches of the Atlantic Coast Line, have been combined into a system to be known as the Norfolk & Southern Railway, with Frank S. Gannon as president. Mr. Gannon is an experienced and able railroad man and his new system will be composed of 554 miles of railway reaching into numerous fertile and well timbered sections of our coast country. The sections reached are rich and varied in resources and are capable of tremendous development. There is little doubt that the new system is based upon a well laid scheme and it will do much for Eastern Carolina Carolina, while that rich field for development will no doubt do much for the consoidated railroads.

The following are the lines which have been consolidated into the system: The Norfolk & Southern extends from Norfolk to Belhaven and from Mackey's Ferry to Washington N. C., and has 223 miles. The Virginia & Carolina Coast extends from Suffolk to Edenton and from Beckford Junction to Elizabeth City, making 73 1-2 miles. The Atlantic & North Carolina extends from Goldsboro to Beaufort and from New Bern to Bayboro, making 113 1-2 miles. The Raleigh and Pamlico Sound has been completed from Raleigh to Wendell, 22 miles and will be extended to Neuse Junction with a branch line from Farmville to Snow Hill, making 144 miles when completed.

The authorized capital stock of the new system its $25,000,000 which will afford every opportunity for such expansion, extensions and developments as the management may find necessary. It is already hinted that the road may be pushed to Point Lookout and the splendid harbor and ship haven there be developed. The new system really may mean much.

FIGHTING BOB EVANS AT FORT FISHER.

The December number of Pearson's Magazine has been received. It is the Santa Claus number and the cover design is charmingly typical of the season so full of delight to the little folks and joy for the big ones. Pearson's is handsomely illustrated and its list of contents is a treasure store. James Creelman contributes a pen sketch of "Fighting Bob" Evans and it will be specially interesting to Wilmington people and North Carolinians generally from the fact that Creelman tells of Admiral Evans' part in the Battle of Fort Fisher, near Wilmington, ond one of the illustrations is a photograph of then Midshipman Evans after the attack on Fort Fisher, leaning on crutches from wounds received in that historic engagement. The story goes on to describe how Evans killed the Confederate soldier who shot him during the land assault on Fisher and gives other incidents in his notable careen Fighting Bob was a Virginian by birth but remained in the Federal service against the bitter objections of his parents and brother who enlisted in the Southern cause. Besides the Evans article Pearson's is full of others of great interest and variety. This popular magazine is sent a year for one dollar and sells at 10 cents per copy. Address Pearson Publishing Co., 2 to 20 Astor Place, N. Y.

CHRISTMAS WOMAN'S HOME COMPANION.

The Star has received the Christmas number of the Woman's Home Companion, an artistic and altogether delightful publication. The cover design is a portrait of Mary and the Christ Babe, and the contents of the magazine breathe of the happy season now fast approaching. This rare and entertaining publication is replete with reading matter in great variety. In the Woman's Home Companion we find unequaled literatry features, art and home science melange and fashion articles and illustrations that make it so popular with ladies everywhere. The Christmas numebr is too elaborate to be mentioned in a brief notice, and it should be seen and read to be appreciated. Subscription price $1 per annum; single copies 10 cents. Address Crowell Publishing Company, Madison Square, N. Y.

CURRENT COMMENT.

—No one will blame Senator Platt very much if he makes it a point to be absent when a vote is taken on the Smoot case.—Washington Times.

—Really if these millionaires don't stop marrying their stenographers it will be difficult to get recruits for the comic opera chorus.—New York Herald.

—It is all right perhaps for the newspapers to caricature Mr. Rockefeller, but it is not fair to the rest of us to make his face look like an oyster on the half shell.—Raleigh Times.

—And suppose the president did turn them down because they were negroes? It is for no other reason than that they are negroes that the people of the north are siding with them.—Dublin Herald.

—Having raised wages 10 per cent. because of the great prosperity prevailing, the railroads now announce that thew will raise freight rates 10 per cent. to meet the extra expenses. And the 1st of April is more than four months off.—Philadelphia North American.

—State Chemist Kilgore has discovered a species of cotton that is proof against the boll weevil. Some years ago a Charlotte farmer discovered a drought proof cotton, but after waiting three years for a drought to come so that he could prove it, he gave it up in disgust. These discoveries of patent cotton never seem to amount to much.—Charlotte Chronicle.

—We have the president drawing happy arguries from a sea of mud, surprising the rainbow in a cave of gloom, transforming landslides and washouts into useful excavations, multiplying steam shovels in the magnificent arithmetic of his enthusiasms, and drying the soaked overalls of the working forces before the ardent fire of a prophecy which scorns restraint. —New York Sun.

—For the first time in the state of New York at least, the names of subscribers to the political campaign funds are made public. Nothing could be more politically wholesome than this. The effect must certainly be to reduce the amounts raised for campaign purposes, and as a consequence of this to reduce the amounts expended in the conduct of elections. Inasmuch as too much money has been spent in political campaigns, this is in the line of improved political morality. Moreover, the publication of amounts of campaign funds and of the names of contributors will have the ultimate effect of checking political contributions for selfish financial ends. —Wall Street Journal.

—This is a paragraph from the last issue of The Tar Heel, Mr. Spencer Blackburn's paper: "From reliable sources of information from Washington, the eighth North Carolina district will continue to have a Republican member of Congress, notwithstanding the transcribing of the registration books, etc." There was never a more brazen statement than this. Put in other language, the meaning is more than twelve months before the Sixtieth Congres meets, there has been received at Greensboro "from reliable sources of information from Washington," the assurance that a matter of grave judicial determination has already been determined, even before the body which is to pass upon it has been constituted; that it is known that Mr. Blackburn, who is to contest the election of Mr. Hackett to Congress, has already practically been awarded the seat. We never before saw a statement of this character in a newspaper, and The Tar Heel owes it to the public to give the "reliable sources of" its "information," together with the details; or if it cannot or will not do this, to tell its readers what on earth it means.—Charlotte Observer.

TWINKLINGS.

—Your husband is not a very practical man is he?" "No," answered Mrs. Torkins. "His idea of economy is to save up money to bet on the next race meeting."—Washington Star.

—She—Before our marriage you declared your willingness to do anything even to die for my sake. He—Well, if mine isn't a living death I don't know what is.—Illustrated Bits.

—Magistrate—(to witness)—You swear you tell the whole truth and nothing but the truth. Witness—I swear it. Magistrate—Now tell me what you know. Witness—Me? I know nothing.—La Vie Pour Rie.

—Tess—Yes, George and I agree perfectly. He thinks I'm the sweetest thing on earth and— Jess—That proves it. Tess—How do you mean? Jess—I mean that of course you agree with him.—Philadelphia Press.

—Dora—So you're actually going to marry him? Do you think you can reform him? Flora—Yes. I broke him of one bad habit the minute he asked me to be his wife. Dora—What habit? Flora—Proposing to every girl he meets.—Cleveland Leader.

Juror Bicknell, Judge Jones, of the United States Court at Birmingham, yesterday ordered a mistrial in the case of Alexander R. Chisholm, former paying teller of the First National Bank, who defaulted for $100,000. The case will not be called again until the Spring term.

HIDDEN DANGERS.

Nature Gives Timely Warnings That No Wilmington Citizen Can Afford to Ignore.

DANGER SIGNAL No. 1 comes from the kidney secretions. They will warn you when your kidneys are sick. Well kidneys secrete a clear amber fluid. Sick kidneys send out a thin, pale and foamy or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL No. 2 comes from the back. Back pains, dull, heavy, or sharp and acute, tell you of sick kidneys and warn you of coming dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here's Wilmington proof:

R. A. Biddle, clerk at 19 Market street, residing at 606 Castle street, says: "I used Doan's Kidney Pills myself for kidney trouble and my wife, who also suffered from back ache, also used them. I never knew anything to act so quickly. I have suffered quite a long time with my back and kidneys. The kidney secretions were very dark and full of sediment. My wife also complained of her back, and when we read of Doan's Kidney Pills in our newspapers I went to R. R. Bellamy's drug store and got a box. We used them with the best of results. In my case the kidney secretions cleared up and the pains left my back. We have neither of us complained since taking Doan's Kidney Pills, and it is with pleasure that I recommend them at every opportunity."

For sale by all dealers. Price 50 cents. Foster-Millburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Made Happy For Life.

Great happiness came into the home of S. C. Blair, school superintendent, at St. Alban's, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' Dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters; and I rejoice to say three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by R. R. Bellamy's drug store. Price 50c.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

HARDIN'S PHARMACY, Special Agent.

Fell and Broke His Back.

Last Saturday night about 11 o'clock Ernest, the nineteen year old son of Mr. W. S. Temple, who lives a few miles from Sanford, fell out of a tree and broke his back. Mr. Temple, with his younger brother, and several other boys of the same neighborhood, were out 'possum hunting. After they had been hunting for an hour or two the party broke up and the Temples started home. Before reaching home the dogs "treed" something and the older of the brothers climbed the tree, a limb of which broke causing him to fall to the ground. He was found to be in a helpless condition and was carried to his father's home some distance away. Mrs. Melver and Monroe of this place, were called. Upon making an examination, they found that the young man's back was broken and that the bones had lapped. They reset them as best they could and strapped the patient to the bed. The lower part of his body is paralyzed and although he is in a critical condition it is hoped that he will recover.

George Moore & Sons, of Nashville, were yesterday awarded the contract for the Government buildings, including the life saving station, at the Jamestown Exposition, at their bid of $227,050.

James E. Wolcott, a retired banker of Rochester, N. Y., died in Norfolk yesterday. With his wife he was enroute to Florida for his health.

Between fifty and one hundred persons living in various sections of Buffalo, N. Y., were poisoned by eating cream puffs on Friday. According to reports none will die, although a number are very ill. It is supposed that the cream puffs contained formaldehyde or that the poisoning was from ptomaine in the filling of the puffs.

It has become necessary to make official inquiry as to the present whereabouts of Prof. Y. Yamashita, who last year instituted the instruction of the midshipmen at the Naval Academy at Anapolis in the Japanese form of wrestling. He has disappeared and is not to be found, nowithstanding the desire of the authorities that he be located and resume his work with the midshipmen during the present term.

Butler Wanted the Brief.

While E. C. Carrigan was in General B. F. Butler's law office a lady came in to ask some advice. As the general was not in, Mr. Carrigan questioned her and told her he would submit her case to the general, which he did.

The general was to leave the next day for Washington and told Mr. Carrigan to prepare a brief of the lady's case and show it to him the next day.

Mr. Carrigan sat up half of the night writing his brief. The next morning, about fifteen minutes before Butler was to take his carriage for the train, he told Mr. Carrigan he would look at his brief and give his opinion.

Mr. Carrigan began by saying: "General, I have made a most careful study of this case. I have the points all in my head and can state them to you in three minutes."

"Let me have the brief," again said the general, somewhat sharply.

"But, General Butler," said Mr. Carrigan, "I had a brief prepared and intended to show it to you, but I have left it at home on my table. However, as I said, I have all the points of the case in my head."

"Young man," said the general, "the next time you have a brief to prepare for me bring me the brief and leave your head at home on the table."—Boston Herald.

Wanted to Know Too Much.

There was a series of burglaries committed in the fashionable section of Baltimore. So anxious were the police authorities to apprehend the culprits that instructions were issued to the roundsmen to exercise extraordinary vigilance during their tours of inspection.

On one occasion just after midnight an officer saw emerging noiselessly from a house in Eutaw place a young man, who hastily darted down the street. The officer made after him as rapidly as possible. When he had stopped the young man he said:

"Didn't you come out of the corner house just now?"

The young fellow, though of quite a respectable air, seemed ill at ease. "I did," he answered, with some confusion.

"Do you live in that house?" sternly demanded the officer.

"That's an impertinent question," replied the young man in a tone of great indignation. "I don't see what business of yours it is so long as her father doesn't object."—Success Magazine.

Inns In Hungary.

Wayside inns in Hungary generally rejoice in very quaint titles. This one was called the Dropperin and had the usual sign outside—viz, a long pole with a wooden ring and a gigantic wine bottle suspended from it. The system of keeping the scores is primitive, but practical. The regular customers and the innkeeper each have a bit of wood called rovas, with the name of the person written on it, and every liter of wine consumed is marked by each making a notch on his respective bit of wood. When the score is paid off, both the rovas are burned. Consequently you hear the peasants inviting each other to ingyonroviasmora, literally drink on my "knotch stick," which sounds most comical.—"Wanderings In Hungary."

Cruel.

A cashier in the financial district of New York, on being advised by his physician to take a vacation not long ago, wrote the agent of a South American steampship line as follows: "As I am thinking of taking a trip to South America, please advise me immediately with particulars relative to rates, accommodations, and so on, to and from the various ports usually visited by tourists at this season of the year." The answer came by special delivery, marked private and confidential, "One of our steamers will sail for Valparaiso next Wednesday; shortest and quickest way out of the country."

A Test For Seasickness.

Many people have a genuine curiosity to know if they would be sea sick in case they should take an ocean voyage. An easy way to put the matter to a test is to stand before the ordinary mirror that turns in its frame and let some one move it slowly and slightly at first, gradually growing faster, while you look fixedly at your own reflection. If you feel no effect whatever from it the chances are that you can stand an ordinary sea voyage without any qualm.

Her Wisdom.

"Girls!" quietly called old but eminently astute Aunt Broadhead.

"Ma'am?" they replied as they fluttered obediently to her.

"Always remember, girls, that when a man professes to have a 'fatherly interest' in you his own daughters need it, that your own father can sufficiently supply you with it and that is the oldest of all stories save one in the world."—Puck.

An Experiment.

"Where are you going, Michael, so early"

"Apothecary's; wife got sick last night."

"Doctor been there yet?"

"No. I found a prescription in the street when I was in town, and I'm going to have that made up and try it."—Fliegende Blatter.

Conflicting.

Actor—I can't play all three of the parts you have assigned to me in this melodrama. Manager—Why not? Actor—Because in the first act two of them engage in a fight, and the third rushes in and separates them.

Fine feelings without vigor or reason are in the situation of the extreme feather of a peacock's tail, dragging in the mud.—Foster.

PERSONAL PARAGRAPHS.

—Mr. I. M. Bear returned yesterday from Raleigh where he spent Sunday.

—Dr. W. H. Whitehead, of Rocky Mount, is a guest at The Orton.

—Mr. J. H. Newbury, of Magnolia was a guest at The Orton Sunday.

—Mr. W. D. McNeill, of Fayetteville, arrved last night and is a guest at The Orton.

—Mr. Frank Gough and Capt. Cullen Jones, of the Seaboard Air Line, are guests at The Orton.

—Mr. C. W. Blacknall, the well known traveling man of Raleigh, is in the city calling on the trade.

—Col. H. C. Dockery and Mr. H. S. Ledbetter, of Rockingham, N. C., are guests at The Orton.

—Mr. M. C. Thompson, the well known traveling man, of Charlotte, arrived in the city last night from Fayetteville.

—Mr. E. E. David left last night for New York where he will spend a couple of weeks on business combined with pleasure.

—Friends of Mrs. James H. Chadbourn, Sr., will regret to know that she is quite sick at her home on South Third street.

—Friends of Mrs. F. P. Lamb, who has been quite sick for some time, will be glad to know that she is able to be up again.

—Mr. and Mrs. James Sinclair and little daughter, of Waycross, Ga., are spending some time in the city with friends and relatives.

—Friends of Col. John L. Cantwell will regret to know that he is again confined to his home by illness. His condition does not improve.

—Miss Lillie Maude Jones, of Norfolk, Va., who has been an attractive guest of Miss Bessie Sears, returned to her home yesterday morning.

—Mrs. J. E. C. Crosby, of Richmond, Va., returned home yesterday. She came to attend the Walsh-Marshall wedding last week.

—Miss Hattie Bass returned yesterday morning from Kenansville and Magnolia, N. C., where she has been on a visit to relatives. Mrs. William Pickett accompanied her on the return and will spend some time in the city as the guest of Mrs. William Bass.

—Mr. George P. James and bride, nee Miss Jeannie Peck, of this city, arrived in the city yesterday from their bridal tour through Florida and Cuba. They will spend a day or two with relatives in Wilmington before going to their home in Washington, D. C.

—Mr. O. R. Peterson, a former Wilmingtonian, who has been with the Associated Press in Raleigh, N. C., is in the city and is holding down the A. P. trick at the Western Union while Mr. J. T. Runge has gone north on business for the Wilmington Typewriter and Supply Company.

—Among the delegates who arrived on the late train last night to attend the Inland Waterway convention were Maj. E. J. Hale, Capt. Jas. D. McNeill and Chas. Haigh, Jr., of Fayetteville; Col. P. A. Stovall, of Savannah; Mr. W. D. Morgan, of Georgetown, S. C.; Mr. H. R Jackson, of Charleston, and Mr. E. B. Clark, of Columbia.

—Captain S. E. Owens, of Augusta, Ga., has arrived and taken a position as night clerk at The Orton. Capt. Owens is a man of wide hotel experience and was last season manager of the Glenn Springs Hotel, in South Carolina. Although a veteran of the great war between the States, Capt. Owens is still "one of the boys" and numbers his friends on the road by the score.

Their Infant Son Dead.

Mr. and Mrs. C. W. Spooner, who live on Wrightsville Sound, have the sympathy of friends in the death of their child, four years old, which occurred Saturday night at the family home. The funeral was conducted Sunday afternoon and the interment was in the burying ground, on the Sound.

LOCAL DOTS.

—The train from the North Sunday night was delayed three hours by a small freight wreck at or near Rose Hill. No one was injured.

—The Kidder Lumber Company was yesterday granted a permit to build two one-story frame dwellings, to cost $400 each, on Front, between Meares and Marstellar streets.

—Mr. W. J. Meredith, the well known produce commission merchant received a consignment of one hundred fine Thanksgiving turkeys last night. They're going in a hurry.

—The Tourist Hotel committee yesterday began its round for subscriptions to the capital stock of the enterprise. It was reported last night that very good success had been met with.

—The party of Illinois farmers here prospecting with a view of locating, yesterday went out to Artesia and saw some of the fine lands offered there by the Carolina Trucking Development Company.

—It is understood that the second or middle store, of the block of Garrell buildings at northeast corner of Second and Princess streets, has been leased by a Goldsboro drug concern that will occupy it within the next few weeks.

—A large audience heard the illustrated temperance lecture by Rev. A. D. Wilcox Sunday night at the First Baptist church. The talk and stereopticon views were very interesting and entertaining. Members of the McKanna Club were special guests of the meeting.

—Justice Borneman yesterday married Charley Burns and Mary Bacchus, a colored couple. The "Judge" insisted on the groom's saluting the bride and the incident provoked much laughter among the large number of spectators always on hand when there's anything doing in Bornemann's court.

—Yesterday afternoon's Fayetteville Observer says: "The sale of the Monticello property by the DeRosset Development Company, which began this morning, is attracting a great deal of attention. About a thousand people visited the property yesterday and great numbers are being carried there to-day in carriages furnished by the company. Thirty lots 45x125 were sold before noon to-day—outside lots at $600 and inside ones at $500."

—Rev. W. L. Rexford, pastor of Market Street M. E. Church, gave a very interesting address to a large audience at the Boys' Brigade Armory Sunday afternoon at 5 o'clock. A soprano solo by Mrs. J. D. Edwards was quite an enjoyable feature of the music for the afternoon. Rev. R. W. Hogue will speak at the armory next Sabbath afternoon and Mr. A. S. Holden will have charge of the singing.

A TEMPERANCE CAMPAIGN.

Series of Illustrated Lectures at First Baptist Church.

One of the most effective speakers the temperance cause has enlisted in its ranks is the Rev. A. D. Wilcox, who is now conducting a total abstinence revival at the First Baptist Church. Mr. Wilcox is not a temperance fanatic. No abuse is indulged in and in the course of his addresses personalities are eschewed. Sunday night the first lecture was delivered. The church was crowded with eager listeners, so much so, that chairs were placed in the several aisles to accommodate the late comers. The effort of the lectures are heightened by magnificent stereopticon views illustrating the many phases of the liquor question.

The opening lecture was educational in character. Charts were displayed with quotations from the writings of eminent scientists telling of the effects of alcohol on the human brain and various organs of the body. These were interspersed with views of the home illustrating the baleful effects of drink. The political and legal phases of the liquor problem were also discussed, each topic being copiously illustrated with striking pictures.

Last night the lecture was especially for the young and consisted of a series of illustrated stories and songs along the line of total abstinence. The congregation was very large, equally as great as the one Sunday night. The lessons taught the many boys and girls present were indelibly impressed on them by the well-selected pictures thrown on the canvas.

To-night at 8 o'clock Mr. Wilcox will speak on "The Kingship of Youth." The finest views yet used will be displayed to-night. They will consist of a large number of dissolving paintings and are among the best in Mr. Wilcox's collection.

A special invitation is extended to the members of the Chamber of Commerce, the Merchant's Association and other business men and to the city officials to attend the Wednesday night lecture. The hour is 8 o'clock. The several churches have agreed to begin their Wednesday night prayer meeting service at 7:15 o'clock, closing at 8 so as to give their members an opportunity to hear Mr. Wilcox. The address will be a practical one on the saloon question. Everyone in the city including the saloonkeepers are cordially invited to all the lectures.

Babies' health depends upon babies' food. Hollister's Rocky Mountain Tea is the best baby medicine known to loving mothers. Tea or Tablest, 35c. —J. H. Bunting Drug Company.

DR. J. J. McKENNA HERE.

Proprietor of Famous Three-Day Liquor Cure in Wilmington.

Dr. J. J. McKenna, proprietor of the Famous Three-Day Liquor Cure, which was recently demonstrated at the First Baptist church in this city, arrived in the city last night to spend a few days and take a look over his patients, many of whom have formed the McKinna Club, a sprightly organization which is very loyal to its benefactor. Dr. McKanna is just back from an extensive tour through Arizona and Mexico, where he organized a large corporation for the furtherance of his remedy in those countries. He will visit his sanitarium at Reidville, N. C., and leave about the first of December for Los Angeles, Cal., to spend the Winter.

In honor of Dr. McKanna's visit the Club will meet tonight at the First Baptist church at 7:30 o'clock and all members are asked to be present. Dr. McKanna has consented to attend the meeting and make a brief address.

Mrs. Elizabeth Powell Dead.

Mrs. Elizabeth Powell, wife of Mr. Samuel M. Powell, of this city, passed away yesterday at 12:30 o'clock at the family home, No. 517 South Third street. She suffered with a complication of diseases and while it was known that her condition was critical, the hope was entertained that she would survive the attack. She leaves a bereaved young husband, a child, four weeks old, her mother, Mrs. Penny Smith, five sisters and three brothers Mrs. C. M. Priest, Misses Carrie, Johanna, Janie, Alberta, and Messrs. Kelly, Bonner and James Smith. They have the sympathy of many friends in the deep bereavement that is theirs. The remains will be taken on the early Seaboard Air Line train this morning to Elkton, N. C., for interment this afternoon, the funeral being conducted there at 3 o'clock.

A Year of Blood.

The year of 1903 will long be remembered in the home of F. N. Tacket, of Alliance, Ky., as a year of blood; which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven permanently cured." Guaranteed for Sore Lungs, Coughs, and Colds, at R. R. Bellamy's drug store. Price 50c and $1.00. Trial bottle free.

Mr. Samuel Rowan Dead.

Mr. Samuel J. Rowan, a venerable and highly respected citizen of Delgado, passed away at his home in the village, Cottage No. 91. Saturday night about 8 o'clock, aged 83 years. Mr. Rowan had been in feeble health for some time and his death was not unexpected though it came with sadness and sorrow to family and friends. He is survived by his wife, two sons and two daughters, Messrs. J. D. and Newton Rowan and Misses Victoria and Lula Rowan. The funeral was conducted Sunday afternoon at 3 o'clock by Rev. J. S. Crowley, and the remains were interred in Bellevue cemetery.

The "Reds" Celebrate at Y. M. C. A.

The "Red" team in the Y. M. C. A. membership contest gave a delightful entertainment last night in the Association building inaugurating its campaign for new members. There was a good attendance and all present were delighted with the entertainment afforded. Among the musical features were a piano solo by Miss Julia McLaurin, a recitation "Old Plantation Sketches" by Mr. George T. Hewlett, a selection by the Acme Male Quartette and the "Great Red Chorus" by all present. Souvenir red ribbon badges were presented to each of those present, whose support is asked in the contest.

Knights of Columbus Social.

All arrangements are made for the delightful social session which the Knights of Columbus will give on Wednesday night, Thanksgiving eve, in their hall on Third street. The committee in charge is composed of Messrs. R. C. Banks, chairman; J. N. Sweeney, secretary; James J. Allen, W. J. Bergen, Timothy Donlan, Dan Quinlivan, and W. B. Munroe. Kneissel's Orchestra has been engaged to furnish the musis for dancing, which will begin after 9 o'clock. A thoroughly delightful affair is promised all who attend.

Big Schooner Arrived Yesterday.

The schooner Perry Setzer, Captain Blake, arrived yesterday from Carteret New Jersey, with a cargo of fertilizer for the Pocomoke Guano Co., which has warehouses with the Seaboard Air Line, where the vessel is discharging. The Setzer has a net register of 1,268 tons and is the largest that has been to the port this season. The vessel is consigned to C. D. Maffitt.

Ran Into Peanut Roaster.

A horse attached to a rig and belonging to Mr. Clayton Giles ran away on lower Princess street yesterday shortly after noon. At Front and Princess street, the frightened animal dashed into the steam peanut roaster of Mr. Harkey, damaging it to some extent. No one was hurt by the runaway.

Important Announcement.

To have the largest stock of goods in any line, from which customers may select and from which to supply customers is a fortunate condition for any firm. The distinction of having the "largest stock" is often claimed by several rival stores in the same line.

Realizing the importance of having the largest stock of Furniture and house furnishings in Wilmington, it has been claimed by different ones. On June the first, according to the sworn tax returns, we have more than twice as many goods as any furniture store in the city, else those with the largest stock falsified tax returns under oath, depriving every branch of government from the school child to the old soldier.

The records of the transportation companies show that since June 1st we have received twice as many goods as any furniture store in the city.

To be able to save purchasers money is so important a matter that almost every one claims that.

With our facilities for buying in large quantities, saving freight, paying cash, saving discounts, economical management, certainly puts us to the place. Our goods cost us from 20 per cent to 35 per cent less than if we bought differently. We sell goods on an average of 25 per cent less than we could if we bought in the usual way.

Special Sale.

Our buyer has just returned from the Market where he bought large quantities of Holiday Goods. We have decided to have special sales days, on which we will sell these goods very cheap. Watch this space for Special announcements.

SECRETARY SHAW IN BAD HUMOR

Resented Charge of Graft at Meeting With Pittsburg Chamber Commerce.

SOME HOT WORDS PASSED

Row Was Over Selection of Site for New Postoffice—Veracity Was Challenged in Discussion With President of Chamber.

(By Wire to The Morning Star.)

Pittsburg, Pa., Nov. 26.—Secretary of the Treasury Leslie M. Shaw, who came to Pittsburg to-day to inspect sites for a postoffice building, left for Washington to-night after a most strenuous day in which he traveled over a great deal of the center of the city and held meetings with the representatives of the various business organizations which were characterized by heated arguments in which Mr. Shaw did not hesitate to express himself. At one of the meetings the Secretary snapped his fingers in the face of H. D. W. English, president of the Chamber of Commerce, who left the hearing, declaring the hearing was a farce.

After viewing the various sites offered Secretary Shaw announced that he would make a statement on the matter after he had reached Washington.

The Secretary's visit to-day was the result of vigorous protests against his selection of a site for the new postoffice building against which the government had begun condemnation proceedings.

These latter proceedings were stopped when the protests reached the Secretary and it was announced that the site selected by the Secretary was offered to the Government at double the amount which it was worth.

Since the Secretary had made a selection of a site there had been declarations of graft and before the business at hand was taken up Mr. Shaw turned to newspaper men present and said:

"I would give $1,000 to know the name of the man who gave the information that there was graft in the hearings at Washington when the real estate men were there. I came here at the solicitation of Congressman Burke. I do not expect a site satisfactory to everyone. At Bangor, Me., when they were attempting to select a site for a public building they scrapped until they had to build an island in the middle of the river and erect the structure on it."

Secretary Shaw then turned to the real estate men assembled and said:

"Those of you who did not get a square deal before me in Washington, in the previous hearing will please rise."

No intimation of dissatisfaction with the hearing at Washington was made.

The tilt with President English of the Chamber of Commerce came during a period of the hearing when angry words were being indulged in and reputations for veracity were being challenged. Mr. Shaw is alleged to have said that the Chamber amounted to no more than anybody else. and that any person could come in and be heard. He told the president of the Chamber of Commerce that his organization had no weight and then there was another flare up.

President English denounced it as the greatest farce he had ever witnessed and said that it would not likely end with the choice of Secretary Shaw, but that the combined business and financial organizations of the city would probably get together and appeal to the President.

The thirty thousand operatives in the cotton mills of Fall River, Mass., entered upon a new schedule of wages yesterday, ten per cent. higher than hitherto and nominally the schedule in force prior to 1903. Inasmuch as many changes have been made since last year, wages actually will be higher than in 1903. It is reckoned that nearly $30,000 more will be put in circulation weekly because of the advance.

Famous Strike Breakers.

The most famous strike breakers in the land are Dr. King's New Life Pills. When liver and bowels go on strike, they quickly settle the trouble, and the purifying work goes right on. Best cure for constipation, headache, and dizziness. 25c at Bellamy's drug store.

HUNTER KILLED BY BEAR.

Wild Beast Turned on Him—Narrow Escape of Another.

Pittsburg, Pa., Nov., 26.—Deaths and narrow escapes from bear are beginning to be reported here. John Dicht, 18 years old, was killed in Elk county by a bear on Saturday. Dicht shot the bear and attempted to bleed it thinking it dead. The animal, however, was apparently only stunned for it arose from the ground and showed fight. In the struggle the bear tore off one of the young man's arms and disemboweled him.

Henry Bradley, of East Pittsburg, who is connected with the Westinghouse Electric Company, wounded a bear. Maddened by the pain, the bear rushed at the hunter and Bradley emhis repeater at the animal as it descended upon him, five of the bullets taking effect, but only tending to increase its fury. Just as the bear reached him Bradly threw away his gun and drew his hunting knife. Plunging it into the animal's side to the hilt, he reached the heart and the animal dropped dead at his feet.

SOUTH CAROLINA IS RILED.

Governor Heyward Won't Stand to Have Immigrants Held Up.

(By Wire to The Morning Star)

Columbia, S. C., Nov. 26.—Being informed that imigrants intended for South Carolina were being held up at Ellis Island, Gov. D. C. Heyward to-night sen the following telegram to Robert Waltham, commissioner of immigration, Ellis Island:

"Please advise facts. We have not a single person coming in on advanced assisted or prepaid passage, so far as we are cognizant and not one under even suggestion of contract, but all under strict compliance with United States statutes. If this is correct I propose to carry the matter to the President immediately and consequently request that you wire the facts, considering this as notice of appeal. This State as one of the constituent States of the Union has been acting in an open, legal manner under United States laws as interpreted by the State Department in all its immigration work and any attempt of the kind reported will be most vigorously resisted.

(Signed) "D. C. HEYWARD,
"Governor."

FRENCH WOMAN AND HER PISTOL

Sent Four Bullets After Prominent Statesman—Wanted Revenge.

(By Cable to The Morning Star.)

Paris, Nov., 26.—Pierre Medlou, former Minister of Fiannce, and who was appointed French minister to Peru last September, was shot on the Boulevard Des Italiens this evening by a woman named Allemaigne. The woman fired four shots. Two bullets struck him in the fleshy part of the leg, but the wounds are not dangerous. The woman was arrested and declared her act was one of vengeance. The police believe Allemaigne is the same woman who attempted M. Merlou's life several years ago and who created a scandal in the Chamber of Deputies while he was serving as Finance Minister.

TRICK TO GET INSURANCE.

Illinois Man Created Impression That He Was Drowned.

(By Wire to The Morning Star.)

Decatur, Ill., Nov. 26.—A sensation was caused here to-day by a statement from Chief of Police Albert that information had just come to him tending to prove that J. Mont Shultz who was believed to have been accidentally drowned October 26 in the river here, was not drowned, but had left the country. Shultz had $7,000 life insurance. It appeared that he had taken off his clothing and gone into the river late at night to disentangle a fishing line. All his money and clothing seemed to have been left on the river bank or at home. It is now said that he had money with him and that he had procured other clothing.

TILLMAN TO HAVE BODYGUARD.

Mayor Dunne, of Chicago' Refuses to Preside at Lecture.

(By Wire to The Morning Star.)

Chicago, Nov. 26.—Following Mayor P. F. Dunne's refusal to preside at a meeting to be addressed to-morrow night by United States Senator Tillman, of South Carolina, because of the strenuous objection made to Senator Tillman's appearance by the negroes of Chicago, it was decided to-day that the Senator should be attended by a body guard to-morrow from the time he arrives in Chicago from Plattsville, Wis., until he has delivered his address and left Chicago.

At Chester, S. C., yesterday T. Butler Wood, a retired merchant of that place, shot and killed himself by fastening a shotgun in front of his bedroom door. with a string from the trigger to the knob, and slamming the door. He left a note saying he had to die and preferred dying by his own hand. He had suffered from nervous trouble.

Alexander R. Chisolm, formerly paying teller of the First National Bank at Birmingham, Ala., whose hearing on the charge of extracting $100,000 from the First National Bank, resulted in a mistrial has been released from prison. His bond was reduced from $25,000 to $15,000 which he furnished.

A TRIBUTE TO GRASS.

Poetic Eulogy That Was Pronounced by Senator Ingalls.

The following tribute to grass, written by the late Senator Ingalls of Kansas, should be preserved:

"Majestic, fruitful, wondrous plant! The corn triumphant, that with the aid of man hath made victorious procession across the tufted plain and laid foundation for the social excellence that is and is to be. This glorious plant, transmuted by the alchemy of God, sustains the warrior in battle, the poet in song and strengthens everywhere the thousand arms that work the purposes of life.

"Next in importance to the divine profusion of water, light and air, those three great physical facts which render existence possible, may be reckoned the universal beneficence of grass. Exaggerated by tropical heats and vapors to the gigantic cane congested with its saccharine secretion or dwarfed by polar rigors to the fibrous hair of northern solitudes, embracing between these extremes the maize, with its resolute pennons, the rice plant of southern swamps, the wheat, rye, barley, oats and other cereals, no less than the humbler verdure of the hillside, pasture and prairie in the temperate zone, grass is the most widely distributed of all vegetable beings and is at once the type of our life and the emblem of mortality. Living in the sunshine among the buttercups and the dandelions of May, scarcely higher in intelligence than the minute tenants of the mimic wilderness, our earliest recollections are of grass, and when the fitful fever is ended and the foolish wrangle of the market and the forum is closed grass heals over the scar which our descent into the bosom of the earth has made, and the carpet of the infant becomes the blanket of the dead.

"Grass is the forgiveness of nature, her constant benediction. Fields trampled with battle, saturated with blood, torn with the ruts of cannon, grow green again with grass, and carnage is forgotten. Streets abandoned by traffic become grass grown like rural lanes and obliterated. Forests decay, harvests perish, flowers vanish, but grass is immortal. Beleaguered by the sullen hosts of winter, it withdraws into the impregnable fortress of its subterranean vitality and emerges upon the first solicitation of spring. Sown by the winds, by wandering birds, propagated by the subtle horticulture of the elements, which are its ministers and servants, it softens the rude outline of the world. Its tenacious fibers hold the earth in its place and prevent its soluble components from washing into the wasting sea. It invades the solitudes of deserts, climbs the inaccessible slopes and forbidding pinnacles of mountains, modifies climates and determines the history, character and destiny of the nations. Unobtrusive and patient, it has immortal vigor and aggression. Banished from the thoroughfare and the field, it bides its time to return, and when vigilance is relaxed or the dynasty has perished it silently resumes the throne from which it has been expelled, but which it never abrogates. It bears no blazonry of bloom to charm the senses with fragrance or splendor, but its homely hue is more enchanting than the lily or the rose. It yields no fruit in earth or air, and yet should its harvest fail for a single year famine would depopulate the world."

Animals' Tails.

Though most animals possess a tail, either in the full or the incipient stage of growth, few of them use it to the same extent as the kangaroo, the scorpion, the horse and the giraffe. What was its destined use? That it was not destined for ornament is shown by the fact that in certain vertebrae it is proved to be an extension of the vertebral column. A satisfactory solution is to be found, I think, in the hypothesis that the tail in animals is nothing else than the taproot of vegetables, which has become obsolete or useless owing to the fact that the living being has long since adopted another method of struggling for existence.—Brooklyn Eagle.

A Powerful Writer.

The late Rufus E. Shapley, the brilliant Philadelphia lawyer, wrote "Solid For Mulhooly," which had an immense success. Once at a dinner an editor congratulated Mr. Shapley warmly on "Solid For Mulhooly." The editor said it was powerfully written. Mr. Shapley replied: "Yes, I suppose I am a powerful writer. The other day I wrote a letter of condolence to the widow of an old friend, and I understand that the lady no sooner read my letter than, changing her black gown to a pink one, she went to a matinee."—Argonaut.

Both Prospered In Consequence.

Father-in-law—Extravagance, extravagance! You offer me a fifteen cent cigar! When I was your age I couldn't afford anything better than a fiver! Son-in-law (who has just got a girl with a fortune)—Exactly; otherwise I could not afford anything better now myself.—Fliegende Blatter.

Plain.

Lecturer on Woman's Rights—Woman has risen. We will no longer be the slaves and playthings of the tyrant man. Am I plain? Unsympathetic Male Voice—You are.—London Magazine.

They Don't Speak Now.

Jess—He hasn't got sense enough to propose to a woman. Tess—Is that so? Well, he and I are engaged! Jess—Well?—Cleveland Leader.

There's nothing makes a man madder than to know he has made a fool of himself after having his own way about it.

ELECTRICAL FIXTURES.

Persuade your wives to stay away from the second floor of the Southern Electric Company's building if you do not wish them to spend money on fixtures.

LADIES.

Come and stay as long as you like. We have devoted our entire second floor to the exhibition of fixtures. Whether you contemplate purchasing now or not, we invite you to call and examine the finest and most complete line of gas, electric, and combination fixtures in the state.

In this lot are some beautiful art glass portables that would make most acceptable

CHRISTMAS PRESENTS.

We will hold them as long as you like but we certainly cannot hold them, unless you choose now.

We think it is all very interesting but the part that interests you most is the price. The low prices are all out of proportion to the style of the fixtures. It will be very little trouble for us to prove this statement to you if you will give us the opportunity.

We will wire your residence for electric lights as reasonably as we will sell you fixtures.

TOMORROW WILL BE YESTERDAY—DO IT NOW.

THANKSGIVING.

READY FOR

THANKSGIVING.

Turkey dressing isn't half so important as dressing for the turkey, and for the festive occasion, when that noble bird is the central attraction. Our business is dressing Men and Boys, from the sack suit for Business to clothes for formal evening dress.

We Have Everything in Apparel that a man Could Ask For

And its ready for you at a minute's notice, ready to put on and wear without any more delay than to find your fit and please your fancy.

PERHAPS YOU ARE SOMEWHAT SHY IN TOGGERY

A new hat, maybe—possibly needing a handsome tie, new gloves, a dress shirt or the collar and cuff stock needs replenishing, etc., etc. In fact, if you are wanting anything in clothes or toggery, we're at your service, with the "best" at a moderate price.

N. JACOBI HARDWARE CO

SPIRITS TURPENTINE

—Mr. J. W. Sheley, whose machine shops were partially burned about two weeks ago at Wilson, has commenced the erection of an iron and steel machine shop building at the corner of Pine and Kenan street.

—The material, poles, wire,etc., have arrived at Newbern to build a tele phone line to Richlands via Pollocksville, Maysville and Catherine Lake. The line will be owned and operated by the Home Telephone and Telegraph Company. Work will not commence before the first of the year.

—C. G. Theiling, a prominent jeweler of Spencer, was severely burned in his store Saturday night by an explosion of gasolene. He attempted to kindle a fire by pouring the fluid into the stove and touching a match, when the combustion flashed into his face, badly burning him. His hair was burned from the top of his head. His injuries are painful, but are not considered serious.

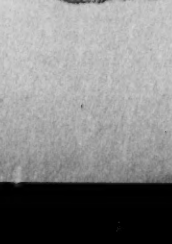
—Wilson, Nov., 24.—Dr. Henry Harper, Sr., of Kinston, one of the most prominent dentists in the State, who came here last week to visit his daughter, who was ill here with typhoid fever, and suffered an attack of pneumonia, died last night. The remains were carried to Kinston this afternoon, where the funeral will be held tomorrow. Miss Harper is some better. Several relatives of the deceased were with Dr. Harper at his death.

—Newbern, Nov., 24.—While assisting in moving an engine from the Roper Lumber Company's mill at James City to be taken to Jacksonville, the engine slipped, causing an accident in which Mr. William Huggins and a Mr. Smith were badly hurt. The latter sustained a very bad fracture of the arm and Mr. Huggins' foot was severely bruised. Mr. Smith was taken to the Stewart Sanitarium and Mr. Higgins is confined to his house.

—Raleigh Times, Nov., 24.—A 'possum dinner with all the regulation trimmings of taters and corn bread and 'simmon beer, was given last night by Mr. Tom Hunter of the firm of Hunter Brothers and Brewer to the men connected with the company and their families. Messrs. Will Hunter and Gill had caught the 'possums, and they were the best and fattest ever seen, and the taters and 'simmon beer and and he taters and 'simmon beer and corn bread pones to match.

—Rockingham, Nov., 24.—Revenue Officers W. A. McDonald, J. D. Downing and J. H. McDonald, Sheriff M. L. Hinson and Deputy Sheriff B. F. Palmer made a raid in the hills, fifteen or twenty miles from town Monday and captured what was supposed to be the moonshine distillery of the Cagle boys. The distillery was complete and up-to-date in every particular. In the outfit was a new boiler of eight or ten horse capacity. Everything was well arranged and the boys were evidently doing a ground floor business. The officers cut up the outfit, turned out 2,000 gallons of beer, 40 sacks of meal and trirty gallons of whiskey. The plant was steamed up and running at full blast, but no one was caught in the act, consequently no arrest was made.

—A correspondent at Asheville writes on Saturday that Western North Carolina Republicans are disturbed over a rumor that the fifth or western internal revenue district is to be abolished and that all the revenue business of the State is to be transacted at Raleigh with Collector Duncan as collector. The correspondent says: "Those of the Butler camp are declared to favor this step for a variety of reasons. A man favorable to Blackburn was made collector and the Butler people would rather see the office abolished and combined with the eastern district, which is said to be favored by some of the officials of the internal revenue department at Washington, if they cannot control the appointments. With Duncan as the sole collector and chief patronage dispenser, the close political corporation which is so highly desirable there would then be an absolutely centralized form of government, for under this ideal arrangement Butler and Duncan would be in absolute command. The east would then control the whole State without a dissenting voice. Republicans of the west and particularly those of this section where under normal conditions there is a Republican party, are to be punished for going into the State convention against the Butler band of patronage dispensers who won out at Greensboro by manipulating the delegates from the solidly Democratic east. It has been frequently asserted that something will drop in revenue circles within the next sixty days and many believe that when the drop comes it will mean the consolidation of the two revenue districts with the Butler man at the head."



MEN AND WOMEN.

Use Big G for unnatural discharges, inflammations, irritations or ulcerations of mucous membranes. Painless, and not astringent or poisonous.

Sold by Druggists or sent in plain wrapper, by express, prepaid, for $1.00, or 3 bottles $2.75. Circular sent on request.

Are Patent Medicines Frauds?

We are often asked the above question, and our answer has invariably been that no medicine that gives satisfactory results could be fraudulent. We could not afford to sell fraudulent medicines. Our business depends on pleased customers—in fact any business does. Therefore, we would take an enormous risk did we not fulfil every promise made our customers. We are very careful of what we guarantee, and when we do guarantee an article we must know it pretty well—what it contains and how it is made. We have in mind the Rexall line of remedies, particularly Rexall Mucu-Tone, of which we are selling large quantities at this time of the year. Mucu-Tone is one article that we can recommend over our counter and know that ninety-eight per cent. of its purchasers are going to be benefited and will return to our store pleased customers. Mucu-Tone is a positive cure for internal scrofula or what is commonly called Catarrh. It is without a doubt the peer of all tonics for any one who is suffering from a run-down condition, can't work, feels constantly tired or suffering from the more plainly described symptoms of Catarrh—such as stopping of the nose, cold in the head or bad cough."

It must be remembered that Catarrh is not confined to the nose and throat. It usually starts there, but it leads more often to serious trouble, particularly the wasting of tissues, as in the case of little Miss Dillon, of Albany. Here is a letter from her father:

"My little girl had catarrh so badly that the disease had begun to eat into the cartilage of the nose. Snuffs and instruments failed to do more than give temporary relief. I saw the advertisements of Rexall Mucu-Tone, but I could not believe that anything taken in the stomach could cure the sore membranes of the nose. However, I took advantage of your free trial offer and my girl began taking your remedy according to directions. I want to say right here that Mucu-Tone is certainly the greatest medical discovery of the times, and to thank you for the liberal offer that first induced me to give it a trial. Muco-Tone has cured my daughter's catarrh completely. The discharge has stopped altogether, and her breath is as sweet as can be. Again thanking you, MATT. DILLON, 24 N. Swan St., Albany, N. Y."

We are selling a large trial bottle of Mucu-Tone for fifty cents on the famous Rexall guarantee of your money back if you are not satisfied. We promise that one bottle will put flesh on your bones and bring new vitality to your system.

A REASON

The United Drug Company, manufacturers of the Rexall Remedies, for whose preparations we are agents in this city, make 200 remedies, one for each ill. Each one is especially prepared to cure one disease, and that only. This is an age of specialists. You don't contract with a plumber to build your whole house, do you? Why should you contract with one proprietary medicine to cure all your troubles?

Oftentimes you run across a building contractor who has a separate plumbing department, his own plastering department, and so on, all of which dovetail together and build the house. This is just what the United Drug Company is doing for you in the medicine line. They have cut down profits; they manufacture Rexall Remedies for over 2,000 retail druggists. These druggists are the only intermediate profit that stand between The United Drug Company and the patient.

Could the United Drug Company, of which we are a member, afford to make one poor medicine in this line? Does not common sense tell you that one poor medicine would ruin the sale of the other 199 preparations? If you bought a Rexall preparation and it didn't do for you what we claim it will, would you buy another one of our articles? We believe not. Therefore each preparation must be good—it is good. We who are in the drug business know the formulas of these Rexall preparations. We believe in them so implicitly that we stand back of them, with our guarantee to refund you your money if they do not benefit you.

For Nervousness—
Rexall Americanitis Elixir, 75c.
For Dyspepsia—
Rexall Dyspepsia Cure, 25c.
For Coughs—
Rexall Cherry Juice, large bottle, 25c.
And—
196 other Rexall Remedies for 196 other ailments.

TURKEYS—Firm, live 16c @ 17c; dressed 20 @ 22c.

THE COTTON MARKET.

By Wire to The Morning Star.

New York, Nov., 26.—The cotton market was active during today's trading and made a new high level for the bull movement with the close very steady at a net advance of 46 points on November and of 17 to 20 points on the general list. Sales for the day were 400,000 according to estimates. The opening was firm at a decline of 3 points to an advance of 9 points on the cables and bullish southern advices and almost immediately after the opening the market advanced to over the closing figures of Saturday on the near positions which had opened relatively weak. There was a good deal of realizing during the day as the results of expectations of a reaction before the holiday on Thursday and uncertainty regarding the fate of December notices, but these offerings made little impression on the market and aggressive selling for short account or for a turn was restricted by the reports that the spot situation was becoming still more acute. Offerings increased slightly on bulges, causing slight recessions but on every soft spot there was good support and the high point was touched in the late tradig when January sold at 10.53 and March at 10.73. The close was within two or three points of the top, with November relatively firm on covering by belated shorts.

Receiptts at the ports today 63,165 bales against 57,846 last week and 49.924 last year. For the week 400,000 bales against 413,039 last week and 325,865 last year. Today's receipts at New Orleans 15,766 bales against 11,692 last year, and at Houston 16,417 bales against 13,155 last year.

Spot cotton closed steady 20 points advance;; middling uplands 11.40; middling gulf 11.65; sales 500 bales. Futures closed very steady. Prices ranged as follows:

Month	Open	High	Low	Close
Nov	11.00	10.82	10.40	10.80
Dec.	10.19	10.40	10.16	10.36
Jan	10.27	10.53	10.27	10.50
Feb.	10.38	——	——	10.58
Mar.	10.55	10.73	10.53	10.69
Apr.	10.59	10.71	10.62	10.73
May.	10.68	10.83	10.65	10.80
Jun.	— —	10.80	10.75	10.84
Jul.	10.76	10.89	10.72	10.86

IT'S IN THE DRAFT.

The secret of the fuel-saving qualities of this Buck's hot blast heater lies in the draft construction. It is so made as to allow large quantities of heated air to pass over the upper surface of the burning coal, thus supplying oxygen to the rising gasses, which are then converted into heating power.

Simple, isn't it? And yet it's new principle in stove building—not to be found elsewhere.

This stove will reduce your coal bill nearly one-third.

Let us tell your of its many advantages.

MAN SWEPT OVER HORSESHOE FALLS

Was in Small Boat Which Was Caught in Rising Niagara.

FRANTICALLY WAVED HANDS

Desperate Attempt Was Made to Rescue the Unfortunate But all in Vain—Victim Unknown—Rescuers Had Narrow Escape.

(By Wire to The Morning Star.)

Niagara, Falls. Nov., 26.—An unknown man was swept over the Horseshoe Falls in a small boat this afternoon after a daring attempt had been made to save him. An employe of the Ontario Power Company first saw the little craft coming down the river in the grasp of the swift current. The occupant, a man, was standing up frantically waving his hands. Two row boats started down the Chippewa river towards the Niagra to attempt a rescue at the mouth of the small stream. The rescuers went far beyond what is considered the danger line but a crosscurrent carried the unfortunate man away from them towards Goat Island, and in a few minutes he was carried over the Horseshoe Falls. The would-be rescuers were by this time in a perilouus position and it was with great difficulty that they succeeded in reaching shore. They were John Rapeljie, an employe of the Canadian Power Company; Detective Green wood, Louis B. Dudd, in one boat and George Gray and Thomas Flemmerfelt in the second.

ARMY ENGINEERS DEFENDED

Secretary Taft Resents Remarks Reflecting on Their Wisdom.

(By Wire to The Morning Star.)

Washington, Nov., 26.—Secretary Taft declined to listen to any reflections upon the integrity of the corps of army engineers and by emphatic interruption today changed the course of arguments being made to him by J. Horace McFarland, president of the American Civic Association, of Philadelphia, in opposition to the diversion of water from the Niagara River for the creation of power and for the transmission of power from Canada to the United States. Mr. McFarland had found fault with statements alleged to have been made in a newspaper interview by Captain Charles W. Kutz, of the corps of engineers, who investigated for the War Department the applications of personal and co-operations for permits to divert water for power.

Secretary Taft criticised the circulars issued by the association, particularly a statement contained therein that it is proposed to divert from the Niagara river a volume of water equaling the outflow of the Potomac, Hudson and Delaware rivers at their mouths. He showed that this statement was not true and that the exact facts are that it is proposed to divert only about six, eight or ten per cent. of the volume of the Niagara. Secretary Taft remarked:

"I do not think public opinion solicited on such argument amounts to very much."

The circular had been written by Mr. McFarland, who defended it by saying that he meant the fresh water outflow of these rivers.

PRISONERS FOR ATLANTA.

Government Sending Convicts South From Northern Prisons.

New York, Nov., 26.—United States Marshal Henkel, with several deputies brought 24 prisoners from Sing Sing State prison at Ossining, to this city today, and tomorrow the prisoners will be put aboard a special train for Atlanta Ga. This is in accordance with the government's plan to transfer Federal convicts from various districts to the penal institution at Atlata where the can be maintained at less expenses than elsewhere.

Pittsburg, Pa., Nov., 26.—United States Marshal Stephen Stone and his assistant, William Henry, left this city tonight for Washington, D. C., in charge of fifteen government prisoners en route to the new Federal prison at Atlanta, Ga. The men have been confined in the Western Penitentiary. A similar transfer is being made from all the other Eastern penitentiaries, it is said, and a special train will leave Washington tomorrow for the trip to Atlanta.

"A dangerous surgical operation, involving the removal of a malignant ulcer, as large as my hand, from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Stickel, of Miletus, W. Va. "Persistent use of the Salve completely cured it." Cures Cuts, Burns and Injuries. 25c at R. R. Bellamy, druggist.

LONE ROBBER CAME TO GRIEF

Robbed Passengers on Three Coaches of Train Near Kansas City.

WORE MASK OVER HIS EYES

Successfully Held Up Everybody Till Conductor Came Along and Tackled Desperado—Robber Fought Desperately

(By Wire to The Morning Star.)

Kansas City, Nov. 26.—After having robbed a score of passengers in three cars of an eastbound express train, a lone robber was disarmed by the conductor, made to disgorge and handed over to the authorities at the next stopping place. The robbery occurred on the Chicago & Alton road between Slater and Armstrong, Mo., about one hundred miles east of here. The train reached Slater at midnight and when it started out of that place five minutes a masked man boarded the smoking car. His eyes were covered with a mask. Levelling a revolver at two passengers in the seat nearest the door he ordered them to pass over money and valuables and do it quick. The men complied, and the robber placed the stuff beneath his belt. When the robber had systematically robbed the passengers in the smoker of their belongings, he passed to the door, keeping them covered. It was a 25-minute run from Slater to Glasgow and he awaited the arrival at the latter place. As the train stopped at Glasgow he swung off and boarded the chair car as it rushed by a moment later. Through the chair car the robber's tactics in the smoker were repeated. Next he entered a sleeper and began again his command to the luckless passengers to surrender their valuables. Conductor Heywood appeared on the scene here and the robber snapped his revolver at him and probably the only thing that saved the conductor's life was that the hammer descended on his thumb. Leaving the revolver in the grasp of the conductor the robber made a break for liberty. Heywood followed closely after the robber, firing one shot and grabbed him by the coat collar as the robber was trying to jump from the car. The robber slipped from his coat and clinging to the side rail of the car with one hand Heywood fought him into submission on the steps of the moving car.

After he had been dragged into the vestibule again the robber continued to fight desperately and Heywood says that he was compelled to pound him over the head with the captured revolver until the was senseless.

When Armstrong was reached at 12:50 a marshal boarded the train and the robber was tied hand and foot and taken into the station. He refused to talk, except to berate the passengers for cowardice and to declare that Heywood was the only nervy one among them. The money and jewelry was taken from him and and after more delay and confusion among the excited passengers the train continued.

Conductor Heywood said that the man admitted to him that he had robbed the Rock Island passenger train at almost the same place about a month ago. The robber said his name was Trueheart.

A passenger on the train, who returned to Kansas City this morning from Glasgow, Mo., said:

The robber was one of the nerviest imaginable. He only weakened when Conductor Heywod and a number of passengers literally jumped on him after the conductor had pinned him to the floor. Then the robber, as the passengers kicked and struck at him, cried, 'Oh, my mother,' and gave in."

The robber covered the trainmen and the colored porter in the chair car and made them aid him rob the passengers. Conductor Heywood got the upper hand when the robber, while operating in the sleeper, stopped momentarily to put away securely some of the booty he had secured. Heywood, although 50 years old, grappled with the man, wrested his revolver from him and then as the robber dashed down the car aisle, fired a shot at him. He snapped the revolver a second time, but it did not fire. Then it was that Conductor Heywood literly bore the man to the floor and passengers jumped him."

MR. ROOSEVELT IN WASHINGTON

Got Back at 10.42 oclock Last Night From His Panama Trip.

ENJOYED VISIT TO TROPICS

Was Deeply Impressed With United States Navy, Panama and Porto Rico—Incident Upon Landing Cabinet to Meet To-day.

(By Wire to The Morning Star.)

Washington, Nov., 26.—Completing a remarkable trip to Panama, during which he traveled several thousand miles by sea and visited not only the Isthmus but Porto Rico as well, and voicing his thorough enjoyment of the entire voyage, President Roosevelt returned to Washington at 10:42 o'clock tonight. The trip of the President on the coveted yacht Mayflower to which he and his party were transferred from the Louisiana, at Piney Point this afternoon was made with one sad incident. As the Mayflower pulled into dock at rear of the office of the commandant at the navy yard, Miss Ethel Roosevelt, the President's daughter, and Miss Hagner, Mrs. Roosevelt's secretary, was awaiting to greet the party. Miss Roosevelt immediately rushed on board as soon as the gang plank was laid and affectionately greeted her father and mother. There was also at the dock to welcome the President Captain McCoy, U. S. A., and other officials of the navy yard, and the Uraguayan Charge d'Affaires. The President landed within ten minutes after the arrival of the Mayflower. To those who met him he stated that he had had a delightful trip and that he was feeling finely. The President and Mrs. Roosevelt immediately proceeded to the White House.

President and Mrs. Roosevelt reached the White House shortly after 11 o'clock. As the President alighted from the carriage, he shook hands with all the attaches and others waiting on the portico. Speaking of his trip the President said:

"We had a very pleasant and enjoyable time and I am deeply impressed with the United States navy, with Panama and with Porto Rico."

The Panama Canal, it was stated by the President, will be a subject of a special message and consequently on that subject the President will say nothing at this time.

An unfortunate incident occurred in the lower Potomac in connection with the President's trip up the river. The yacht Oneida in the service of the District of Columbia naval militia and on which were the commanding officers and others of the militia, had dropped down the Potomac to Piney Point to welcome the President and was returning when a gasoline boat in tow capsized and Melvin L. Cleveland, 19 years old, of this city, boatswain's mate, was drowned.

Guards Detain Diplomat.

Washington, Nov., 26.—Pedro Requono Bermudez, Charge d'Affaires on Urugauy, was the only member of the diplomatic corps who greeted the President upon his arrival. Seenor Bermudez was delayed by the marine guard, who refused to admit him without the consent of the commandant. After being delayed for twenty minute he was admitted and when the President appeared on the deck of the Mayflower, the diplomat was the first to rush up the gang plank. He protested to the President against the manner in which he had been treated by the marine guard.

The usual Tuesday cabinet meeting will be held tomorrow. The President left here on his trop November 18, and tomorrow's cabinet session will be the first since the election.

MORSE STEAMSHIP TRUST.

Has Scooped Ward Line With Eighteen Steamships.

(By Wire to The Morning Star.)

Galveston, Tex., Nov., 26.—The Galveston Tribune learns from a reliable authority today that Charles W. Morse of New York, recently purchaser of the Mallory Line steamships, is about to close a deal for the purchase of the Ward Line steamers, known as the New York and Cuban Mail Steamship Company. It is known that Mr. Morse was looking into the New York-Cuban business when gathering into his holdings the Mallory steamers, and those of the Clyde Line. The Ward Line Company comprise 18 steamships. There are two new vessels of 8,000 tons each about ready for launching.
